SHADE BOOK

Unleash your space's style with laminate shades, where beauty and functionality intertwine.

ABOUT CONCEPT

Safedecor takes pride in introducing its inaugural Ideation Book, a fusion of "Idea" and "Execution". This unique compilation is a testament to modern decor concepts and cutting-edge advancements in Iaminates. Our Ideation Book carefully curates decor inspirations, empowering you to elevate your surroundings to new heights of sophistication.

Inspired by the graceful contours found abundantly in nature, the Book incorporates abstract shapes, accompanied with a vivid spectrum of colours, soothing the eye while also accentuating designs and patterns with an undeniable colourful allure.

360° ADVANTAGE

Digital technology has revolutionized the world of laminate designs, offering a multitude of advantages through its 360-degree capabilities. Firstly, it enables realistic visualization, allowing customers to experience a lifelike representation of the laminate design from every angle. This immersive experience empowers customers to make informed decisions and envision the final outcome in their space. Additionally, the interactive nature of 360degree digital technology allows users to explore various perspectives, zoom in or out, and rotate the design, providing a comprehensive understanding of its appearance.
