About us

We understand the challenge designers, architects, manufacturers and contractors face when specifying a high pressure laminate. Whether your project calls for a high-quality decorative laminate for residential use or a speciality surface that can withstand the extremes of a commercial environment, PIXEL MICA has the solution you need. Specialty laminates from PIXEL MICA offer some of the finest products available today. These include items that provide structural stability, color-through surfaces, fire rated surface and electrostatic discharge protection. And because they are manufactured by PIXEL MICA, you can be confident of their quality, integrity and performance for many years to come.

Grades: General and fire retardant (FR)
 Types: Standard, post forming, compact, cabinet liners, backer
 Size: 2440 mm x 1000mm
 Thickness: 0.8mm (± 5%)

PIXEL MICA Highlight: Design from Casulite imported base paper
 Manufactured using best quality kraft paper.

Use of best chemical raw materials for better flexibility & durability.

Care & Maintenance: Cleaning should be carried out with a soft moist cloth and warm soap solution.
 Do not use detergents containing abrasive particles or excess tools.

Disclaimer: Customers are advised to reconfirm selected laminate when placing orders as our facility does not include claims arising from sample chip-pasting error.
 Samples presented are indicative of colour, pattern and surface finish but not of actual thickness. All metallic patterns series recommended for vertical application only.

Limited Warranty: PIXEL MICA warrants that its products are essentially free from manufacturing defects. The products who properly used, will comply with normal deviation, to related manufacturing specifications. This warranty shall be limited only to the original layer for a period of care. PIXEL MICA laminates are used for various applications, but the company will not be liable for improper use and / or any alteration to the product. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. Without the possibility of control over the manufacturing of the finished products. The company does not assume obligations or liabilities arising from the furnishing, site, installation or repair, use or subsequent sale of any product to any person or entity.

Do not use nail and hammer while cutting corner, groove, angle or design.

Resistance: To surface wear immersion in boiling water, Dry Heat, Impact by small diameter ball, Cigarette burns, Staining, Scratches, Color change in Xenon light.
 Maintenance: Clean with soap solution or House detergent, Adhesive should not be used, Avoid direct sunlight.

Note:
 - Please check the Laminate sheet before use.
 - No claim will be entertained after using Laminate sheet.

Only use a dull to cut each corner, groove, angle or design.
