

WONDER  
DECOR 

CLASS  
OF

Laminates are like decorating champions, bringing color and style to your home with their tough and easy to clean designs. They can handle the daily design demands, making them perfect for furniture, counters, and decor ideas. Each laminate has its own special look, adding character and charm to your space. Get creative and make your home uniquely beautiful with the endless options that laminates offer.

Laminates are like magic for your home, adding color and style to furniture and surfaces with their strong and elegant designs. They last a long time and bring a touch of class to any room, whether it's a kitchen counter or a bedroom wardrobe. Every laminate has its own special look and feel, letting you create a space that's just right for you, whether you like modern or classic styles. It's like having a whole world of options right in front of you, ready to help you make your home beautiful and unique.

## About Collection

Swanky surfaces that look

upstyle and create an aura of unparalleled beauty

WONDER  
DECOR 

Discover our exquisite laminate collection, curated to inspire and elevate your design vision to new heights. From timeless classics to contemporary marvels, each laminate embodies quality craftsmanship and aesthetic allure. Explore a diverse range of textures, patterns, and colors that cater to every style preference and project requirement. Unleash your creativity with our versatile laminate collection and redefine the art of interior design.

# technical specification

| Sr. No. | Properties  | Unit       | Specified Value                           | Wonderam Test Result |
|---------|---|------------|---|----------------------|
| 1       | Classification  |            | HGS (Horizontal General Purpose Standard) |                      |
| 2       | Length & Width of Panel   | mm         | +10/-00 mm                                | Complies             |
| 3       | Straightness of Edges   | mm/m       | 1.50 (max.)                               | Complies             |
| 4       | Squareness  | mm/m       | 1.50 (max.)                               | Complies             |
| 5       | Resistance to Surface Wear  | Revolution | 350 (min.)                                | >350                 |
| 6       | Resistance to Immersion in Boiling Water                                    |            |   |                      |
|         | a. Mass Increase  | %          | 11.50 (max.)                              | 8.80                 |
|         | b. Thickness  | %          | 13.50 (max.)                              | 9.50                 |
|         | c. Appearance   | Grade      | Not worse than 4                          | 4                    |
| 7       | Resistance to Dry Heat at 180° C  |            |   |                      |
|         | a. Gloss Finish   | Grade      | Not worse than 3                          | 3                    |
|         | b. Other Finish   | Grade      | Not worse than 4                          | 4                    |
| 8       | Dimensional Stability at Elevated Temperature                               |            |   |                      |
|         | a. Longitudinal   | %          | 0.60 (max.)                               | 0.50                 |
|         | b. Transverse   | %          | 1.10 (max.)                               | 0.95                 |
| 9       | Dimensional Stability at 20°C Temperature                                   |            |   |                      |
|         | a. Longitudinal   | %          | 0.43 (max.)                               | 0.35                 |
|         | b. Transverse   | %          | 0.68 (max.)                               | 0.50                 |
| 10      | Resistance to Impact by Small Diameter Ball                                 |            |   |                      |
|         | a. Spring Force   | N          | 20 (min.)                                 | 25                   |
| 11      | Resistance to Cracking (thin laminates)                                     | Grade      | Not worse than 4                          | 4                    |
| 12      | Resistance to Scratching  | N          | 2.0 (min.)                                | 2.4                  |
| 13      | Resistance to Staining  |            |   |                      |
|         | a. Group 1 & 2  | Grade      | 5   | 5                    |
|         | b. Group 3 & 4  | Grade      | 4   | 4                    |
| 14      | Resistance to Colour Change in Xenon Arc Lamp (In Exterior Grade HPDL Only) | Grade      | Not worse than 2                          | 6                    |
| 15      | Resistance to Cigarette Burns   | Grade      | Not worse than 3                          | 4                    |
| 16      | Resistance to Steam   | Grade      | Not worse than 4                          | 5                    |

Where as Wonderlam products are manufactured thoroughly to standards, the nature of the application procedure is beyond our control. The value given above are the best of knowledge but without liability/warranty, expressed or implied.

### STANDARDS:

International Standards: ISO 4586 -1 & 21 | Indian Standards: IS 2046: 1995, C/K 514

European Union Standards: MTDS 086, EN 438-2:2005 | British Standards: BS 3794 -1 & 2

### MAINTENANCE:

Clean with mild soap solution with soft cloth. Abrasive cleaners should not be used. Excessive direct sunlight, heat & moisture should be avoided. Products can be used for both vertical & horizontal surfaces.
